Re: NORTHERN ESCALATION - URGENT REQUESTS

Volunteer ID:C6352

Dear Mattia Di Segni-

Last night there was a major escalation on Israel's northern border when a precision-guided Hezbollah rocket struck a soccer field in Majdal Shams, tragically killing 12 Druze-Israeli children (ages 10-20) and injuring at least 28+.

One of our beneficiary hospitals, Ziv Medical Center, was the primary recipient of the injured.

Hinenu has been working closely with northern hospitals to prepare for a major escalation such as this. In the past few hours alone, Ziv Medical Center submitted emergency requests from Hinenu for the following specialists:

- General Surgens
- Thoracic Surgeons
- Trauma Surgeons
- Anesthesiologists

Our team will be reaching out to those physicians who can assist. We fully expect a significant uptick in requests from other northern hospitals who will also be the recipients of potential injured. **If you know of any physicians who may be willing to serve - in these specialties or others - please forward them this email. They can sign up by clicking the link on the bottom of this email or by clicking [here](#).**

The worsening situation is putting a significant financial strain on Hinenu. We need your help, even if you're not a specialist in the areas we've mentioned.

Hinenu is urgently raising \$100,000 to expand our staff and enhance our ability to support northern hospitals. Your donation, of any size, will directly aid in managing this crisis and increasing our volunteer capacity. **Please consider contributing yourself and also sharing this email with others who might be willing to help.**

Donations can also be made via Donor Advised Funds using EIN# 93-4716363.
